In front of Pucallpa Church building

Sunday Morning Sunday School in Pucallpa

Javier and Eliane are doing a great job in Peru with some really great leaders.... Bette and I had a chance to go to Pucallpa, a town that is on one of the tributaries to the Amazon River. They are starting a church and have bought land with a pole type building on it. They have a small group of adults and a bunch of children. We are praying about getting a group from the States to come down to work with the ministry and help us do some work on the building. In October Javier and Eliane will be going to Nicaragua from Peru to speak at their yearly anniversary service and encourage the Nicaraguan churches in their missions outreach...

Norman preaching in CDE

Norman and Elaine Moody recently came for a visit and were a great encouragement for Ademir and Nilva in Brazil where they stayed. They were also with Daniel and Renata in Paraguay encouraging them with their soccer outreach ministry. Norman was able to preach at both churches... It was also great to have Luis Carlos from Gama (Brasilia), Brazil come and spend several days with us here in Paraguay. They have been supporting and involved with the ministry here since it started and have also been supporting the work in Foz, Brazil... We had a chance to talk church growth and how they can become even more involved with the ministry here. Bette and I will be basing out of Paraguay for a while as we try to help develop the church here in Ciudad Del Este and the Campus ministry /Coffee house ministry in Hernandarias. Along with Luis Carlos we are looking at bringing on another couple to help with the churches outreach and future growth.

Keep us in your prayers as we plan for the future and minister in the present. In a few weeks we hope to have the University Ministry and the Coffee house in operation and a new Bible study is starting in our living room next Saturday... Thanks....
